

HISTORIC CENTRE Guide

NIGHT-TIME DOOR-TO-DOOR WASTE COLLECTION SERVICE IN BAGS AND BINS

- In the historical town centre, collection is carried out at night, with waste in different colour bags/bins to identify the type of waste and for traceability purposes.
- Per the specific emptying schedule, the bag/bin must be placed outside the door between 8:00 pm and 10:00 pm so that the waste may be collected by the operators.
- The waste collection service runs from 10:00 pm to 4:00 am.

Download the calendar for the historical centre from the gesenu.it website under the section of the Municipality of Perugia.

| | | | |
|---|------------------------------------|---|-----------------------------------|
|  | Plastic and Metal Packaging |  | YELLOW bags for each user* |
|  | Paper and Cardboard |  | BLUE bags for each user* |
|  | Organic Waste |  | BROWN bin |
|  | Glass Containers |  | GREEN bin for each user |
|  | Residual Waste |  | BROWN bin for each user |

* Once the initial supply of bags has been consumed, users can collect additional bags from one of the dedicated supply offices.
