

CITTÀ COMPATTA Guide

Districts of Sant'Erminio, Montelucre, Filosofi, Pallotta, Elee, Case Bruciate, Fontivegge, Madonna Alta and Ferro di Cavallo.

DOOR-TO-DOOR WASTE COLLECTION SERVICE

- In the "Città Compatta" (or, "Compact City", being the urban area), collection is carried out in different colour bags/bins to identify the type of waste and for traceability purposes, varying in accordance with the type of user:
 - INDIVIDUAL USERS:** For single households (1 to 4 people), the service is carried out by means of bags, bins and "proximity" bins on the street for glass (please see the table).
 - CONDOMINIUMS:** For apartment blocks, the service is via wheeled containers and "proximity" bins on the street for glass.
- Per the specific emptying schedule, the bag/bin must be placed outside the door the evening prior to collection day so that the waste may be collected by the operators.

Download the calendar for your address from the gesenu.it website under the section of the Municipality of Perugia.

	INDIVIDUAL USERS	CONDOMINIUMS
 Plastic and Metal Packaging	 YELLOW bags for each user*	 YELLOW container for the condominium
 Paper and Cardboard	 BLUE bin for each user	 BLUE container for the condominium
 Organic Waste	 BROWN bin for each user	 BROWN container for the condominium
 Glass Containers	 Bell-shaped bins on the street	 Bell-shaped bins on the street
 Residual Waste	 BROWN bin for each user	 GREY container for the condominium

* Once the initial supply of bags has been consumed, users can collect additional bags from one of the dedicated supply offices.
